Dear Mr. Stanfill

Enclosed is a copy of *A Plan to Monitor and Treat Effects to Historic Properties Associated with the Environmental Protection Agency's Carson River Mercury Site: Location MS 004, Dayton, Nevada* for your review. To help with your review, a copy of the *Archaeological Inventory and Testing Plan for the Environmental Protection Agency's Carson River Mercury Site: Location MS 004, Dayton, Nevada* is also enclosed. The inventory and testing plan and its appendices contain supplemental information not repeated in the treatment plan.

Archaeological Research Services, Inc. has prepared this plan and we are sending it to you at the request of Mr. Wayne Praskins, US Environmental Protection Agency (415 744-2256). Please forward your comments to Mr. Praskins.

Sincerely,

Ronald L. Reno, Ph.D.
